The data concerning properties and applications of the indicated products are offered in good faith and are based on our research and practical experiences. Due to the versatility of the application possibilities, it is impossible to mention all details and we do not assume any obligations or responsibilities resulting from this. When a new edition appears due to the technical development, the preceding data are no longer valid.

**WYNN'S PETROL INJECT-A-CLEAN****ADVANTAGES**

When added to the petrol tank Wynn's Petrol Inject-A-Clean will begin working on the impurities already existing in the petrol tank. Wynn's Petrol Inject-A-Clean stops water and petrol mixing preventing it from entering the high pressure system. As Wynn's Petrol Inject-A-Clean mixes with the petrol and moves through the fuel system, detergents quickly and safely remove the deposits. It cleans the injectors and contains a deposit control additive to help prevent the formation of new deposits on the injectors. Wynn's Petrol Inject-A-Clean will clean the complete fuel system from the petrol tank through to the combustion chamber.

BENEFITS

Wynn's Petrol Inject-A-Clean is designed to provide the following benefits:

- 01 Restores and maintains ideal injector spray pattern
- 02 Reduces fuel consumption
- 03 Does not emulsify with water.
- 04 Safe to use with oxygen sensors and catalytic converters
- 05 Reduces the formation of deposits in the combustion chamber
- 06 Restores and maintains engine performance and provides a regular

DIRECTIONS OF USE

Add to the petrol tank. One bottle of Wynn's Petrol Inject-A-Clean treats 60 litres of petrol. Repeat the treatment every 10,000 km.

APPLICATIONS

Wynn's Petrol Inject-A-clean is suitable for use in all grades of petrol fuels.
