The data concerning properties and applications of the indicated products are offered in good faith and are based on our research and practical experiences. Due to the versatility of the application possibilities, it is impossible to mention all details and we do not assume any obligations or responsibilities resulting from this. When a new edition appears due to the technical development, the preceding data are no longer valid.

**PROFESSIONAL RANGE**

## **WYNN'S INJECT-A-CLEAN**

### **ADVANTAGES**

Wynn's Inject-A-Clean thoroughly cleans fuel injectors without the need for disassembly. It absorbs condensation water in the fuel tank, and prevents rust and corrosion of the injection system.

Wynn's Inject-A-Clean lubricates pump, fuel regulator and injectors, and reduces wear and prevents seizing of the mechanical parts of the system.

### **BENEFITS**

Wynn's Inject-A-Clean has been designed to provide the following benefits:

- 01 Cleans and protects common rail systems against excessive fouling, wear and water contamination damage
- 02 Cleans injectors
- 03 Restores and maintains ideal injector spray pattern
- 04 Improves acceleration and fuel consumption
- 05 Prevents rust and corrosion
- 06 Reduce exhaust emissions
- 07 Restores stable idle and acceleration

### **DIRECTIONS OF USE**

Wynn's Inject-A-Clean is suitable for all petrol, LPG and diesel engines. Wynn's Inject-A-Clean is safe for both oxygen sensors and catalytic converters.

### **APPLICATIONS**

Add Wynn's Inject-A-Clean bottle to fuel tank.
