

## WYNN'S POWER STEERING SUPPLEMENT

PROFESSIONAL RANGE

### ABOUT THE PRODUCT

Wynn's Power Steering Supplement protects power steering systems from rust, corrosion, wear and seal leakage. It also provides the fluid itself with additional protection from oxidation.

Due to the versatility of the application possibilities, it is impossible to mention all details and we do not assume any obligations or responsibilities resulting from this. When a new edition appears due to the technical development, the preceding data are no longer valid.

## WYNN'S POWER STEERING SUPPLEMENT

PROFESSIONAL RANGE

### ADVANTAGES

Wynn's Power Steering Supplement is formulated to help quieten noisy power steering pumps and to revitalise seals and O-rings. It also helps stop and prevent seal leaks, and to extend power steering fluid life.

### BENEFITS

Wynn's Power Steering Supplement is formulated to provide the following benefits:

- 01 Stops and prevents seal leaks
- 02 Extends the power steering fluid life
- 03 Revitalises seals and O-rings
- 04 Helps quieten noisy power steering pumps
- 05 Compatible with most power steering systems

### DIRECTIONS OF USE

Add 126mL tube of Wynn's Power Steering Supplement into the power steering pump/reservoir. Do not overfill. If the power steering system is properly filled, remove enough fluid so that the addition of the 126mL tube will leave the system properly filled.

### APPLICATIONS

Wynn's Power Steering Supplement is suitable for use in most conventional and automatic transmission fluid-based power steering fluids recommended by vehicle manufacturers (including synthetic and semi-synthetic power steering fluids).

Wynn's Power Steering Supplement is not recommended for systems requiring specialty or non-petroleum based synthetic fluids.

One 126mL tube of Wynn's Power Steering Supplement will treat up to 2 Litres of power steering fluid (one tube per service).
