The data concerning properties and applications of the indicated products are offered in good faith and are based on our research and practical experiences. Due to the versatility of the application possibilities, it is impossible to mention all details and we do not assume any obligations or responsibilities resulting from this. When a new edition appears due to the technical development, the preceding data are no longer valid.

**WYNN'S NON-CHLORINATED BRAKE CLEANER****ADVANTAGES**

Wynn's Non-Chlorinated Brake Cleaner cleans brake linings, rotors, disc pads and drums without disassembly. It's non-chlorinated formula and powerful spray action combine to quickly blast away harmful contaminants from brake parts for improved brake performance.

BENEFITS

Wynn's Non-Chlorinated Brake Cleaner provides the following benefits:

- 01 Does not contain chlorinated solvents
- 02 Removes brake fluid, grease and oil
- 03 Suitable for disc and drum brakes
- 04 Helps stop brake squeal
- 05 Short drying time
- 06 Cleans tools and parts quickly
- 07 Removes brake lining dust without disassembly
- 08 Safely cleans electrical components
- 09 Improves brake performance
- 10 Leaves no residue

DIRECTIONS OF USE

Shake the aerosol can well and spray directly onto the parts to be cleaned. Do not use Wynn's Non-Chlorinated Brake Cleaner on live electrical components. Use only in well ventilated areas. Place a protective covering over plastics, rubber and painted surfaces to protect them from overspray. Do not use this aerosol product near an open flame or ignition source.

APPLICATIONS

Wynn's Non-Chlorinated Brake Cleaner safely cleans and degreases electrical starter motors, brake components, electric terminals, tools and other workshop equipment when they are not electrically energised.
